## 2019 LCAQD Mission Stimulus Grant

### DARE TO DREAM!

The 2019 LCAQD Mission Stimulus Grant aims to enable congregations to set aside financial worries and focus on exploring new and innovative ways of connecting with their local communities through mission and outreach.

Create an initiative, expand on an idea or concept that has been dreamed about, but not thought possible because of the lack of resources or cost.

Celebrate being risk takers and change makers!

Who? The grant is open for applications from all Queensland congregations/parishes as well as to collaborative projects between congregations/parishes.

Do it! A plan is essential. This needs to take the form of a practical proposal for real action in local mission using a budget of \$25,000 (or more, if additional funds could be raised locally).

### HOW IS THE APPLICATION ASSESSED?

Proposals will be assessed by a panel comprising representatives from the Department for Mission and Ministry.

Factors that are positively regarded include:

The Vision – the hope of what might be

Mission focus – how is the vision promoting authentic faith expressions in our circles of influence

Need – what research/assessment has been carried out

Collaboration – the extent to which engagement has occurred beyond the applying congregation

New Expression – is this genuinely a new thing?

How – is there a clear plan (including measurable outcomes)

Do you want more information? Please refer to the application form available to download from the LCAQD website.

Support is available.

Questions, discussion, fine-tuning, etc. are all welcome. Sometimes the plan changes as a project develops...

Just ask!
